Experience

Junior Developer Intern

June - August 2025

Ardent Financial Solutions

- Developed and maintained Full-stack web applications during internship using React/Next.js, Node.js, and Supabase/PostgreSQL; implemented secure APIs, built responsive UIs, and deployed scalable solutions. Collaborated with the team to improve code quality and optimize performance. Gained hands-on experience in modern development workflows.

Projects

MentorMap | *Node.js, Express, Prisma, PostgreSQL, React, Tailwind CSS* [Live Demo] [GitHub] **2025**

- Built a Full-stack mentorship platform using Node.js, Express, Prisma, PostgreSQL, React, connecting students with mentors for skill-based guidance.
- Implemented secure role-based authentication, dynamic scheduling, and interactive dashboards, enhancing mentorship accessibility and real-time collaboration.
- Optimized frontend performance with Vite, responsive UI with Tailwind CSS, and connected APIs for dynamic mentor-mentee interactions.

LendMate | *Node.js, Express.js, PostgreSQL, Prisma ORM, React.js* [Live Demo] [GitHub] **2025**

- Developed a Full-stack lending platform using Node.js, Express.js, PostgreSQL, Prisma ORM, React.js to connect underbanked users with lending opportunities.
- Designed a secure, stateless REST API with JWT-based authentication to safeguard user data and authorize financial transactions.
- Promoted financial inclusion by building an accessible, transparent, and reliable platform, demonstrating the ability to convert real-world challenges into effective technical solutions.

Achievements & Certifications

- **NST Hackathon (2025):** Built “LendMate” in 24 hours, leading full-stack development and delivering a working prototype under time pressure.
- **SIH Internal Hackathon (2024):** Led a 4-member team, coordinated workflow, and presented solution effectively.
- **Open Source Contributions:** Actively contributing to GitHub repositories through Hacktoberfest and personal projects.
